### Civic Address Numbers Help in Emergencies!!

**Your civic address number can be the difference between life & death!** If you need emergency services at your residence or business, you want them to find you as quickly as possible. It is **important you know your civic address and road number**, the two combined are what will help emergency services find you. Rural or Urban, the number assigned to your house/yard may be the same as another house/yard number, however the **Road or Street** is what distinguishes you from someone else. Please allow us to help you assist firefighters and paramedics in arriving on time in times of emergency.

Please ensure your civic address # and Road # (e.g., 33014 Rd 28W) is clearly visible to all at the end of your driveway/approach.

**Ensure you are able to be found in your time of need! It just might save a life!**
